Foreword

As the daily routine of campus life moves forward each student plans and sets his goals. He strives day by day to meet his ideals and soon finds himself closer to graduation and the realization of his final objective. At times the obstacles which he must conquer in order to fulfill his greatest expectations are many and varied. The sun, which you will find throughout the following pages signifies the hope which lies in tomorrow.

Far away there in the sunshine are my highest aspirations. I may not reach them, but I can look up and see their beauty, believe in them, and try to follow where they lead.

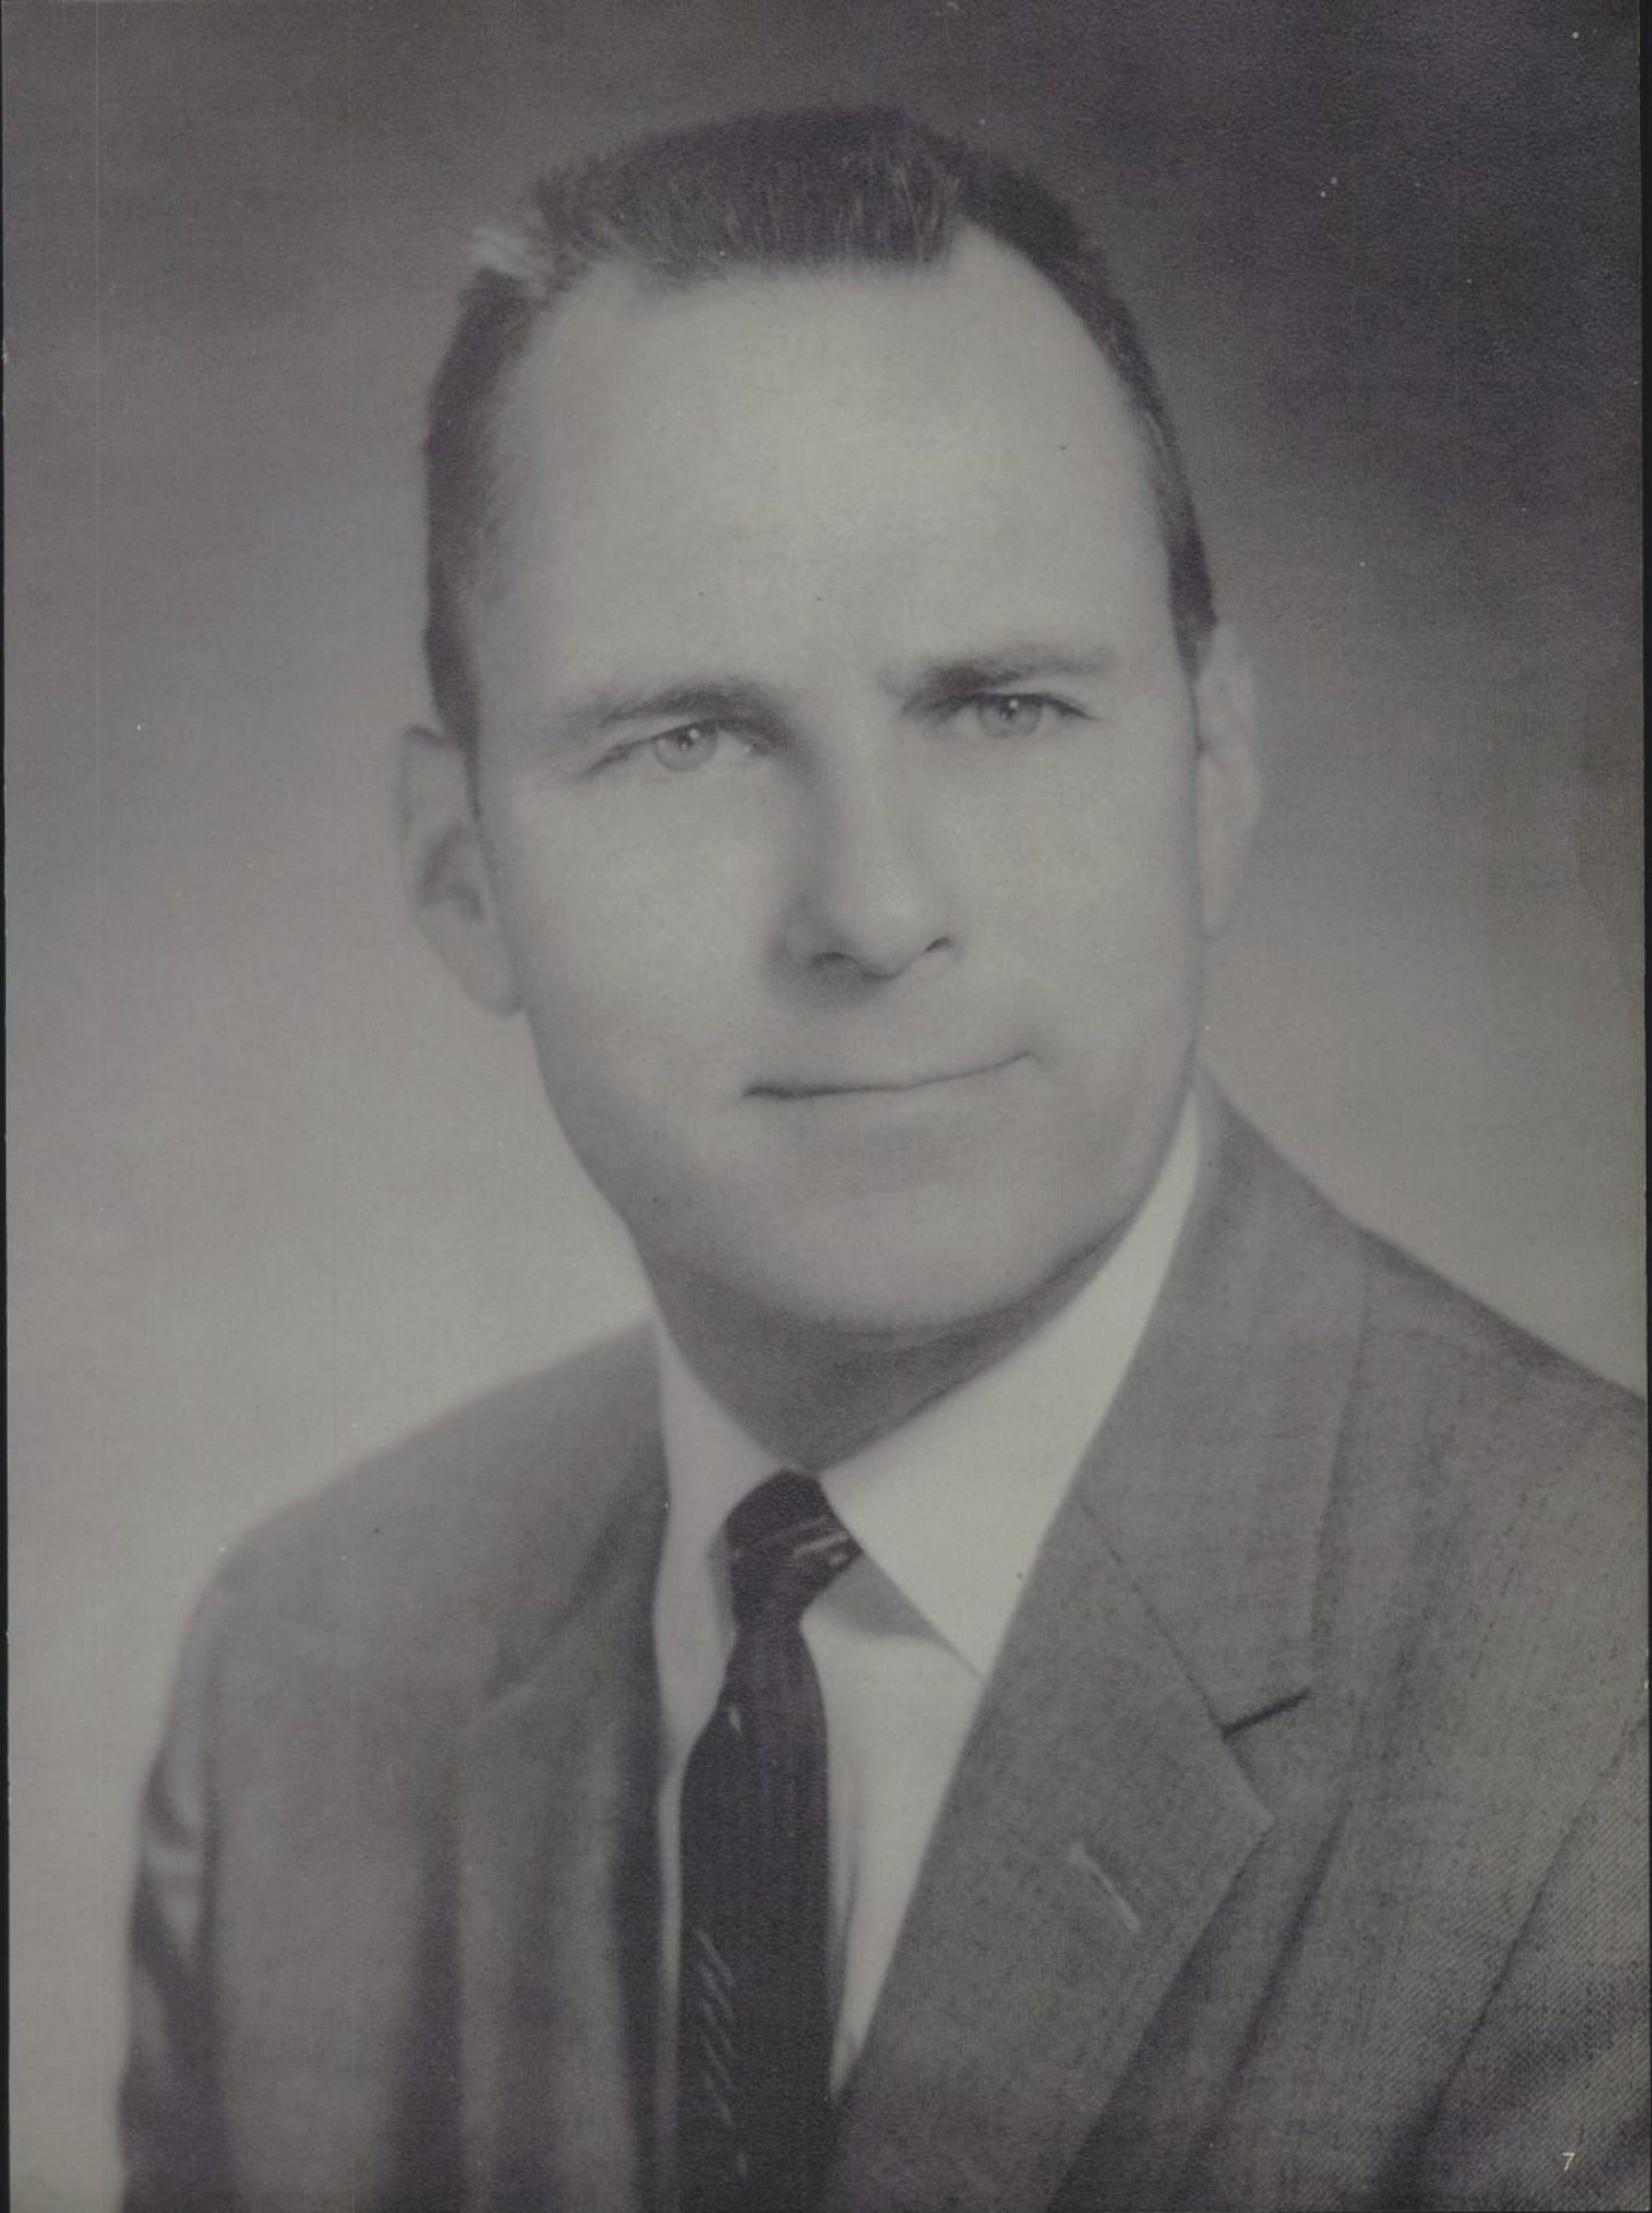
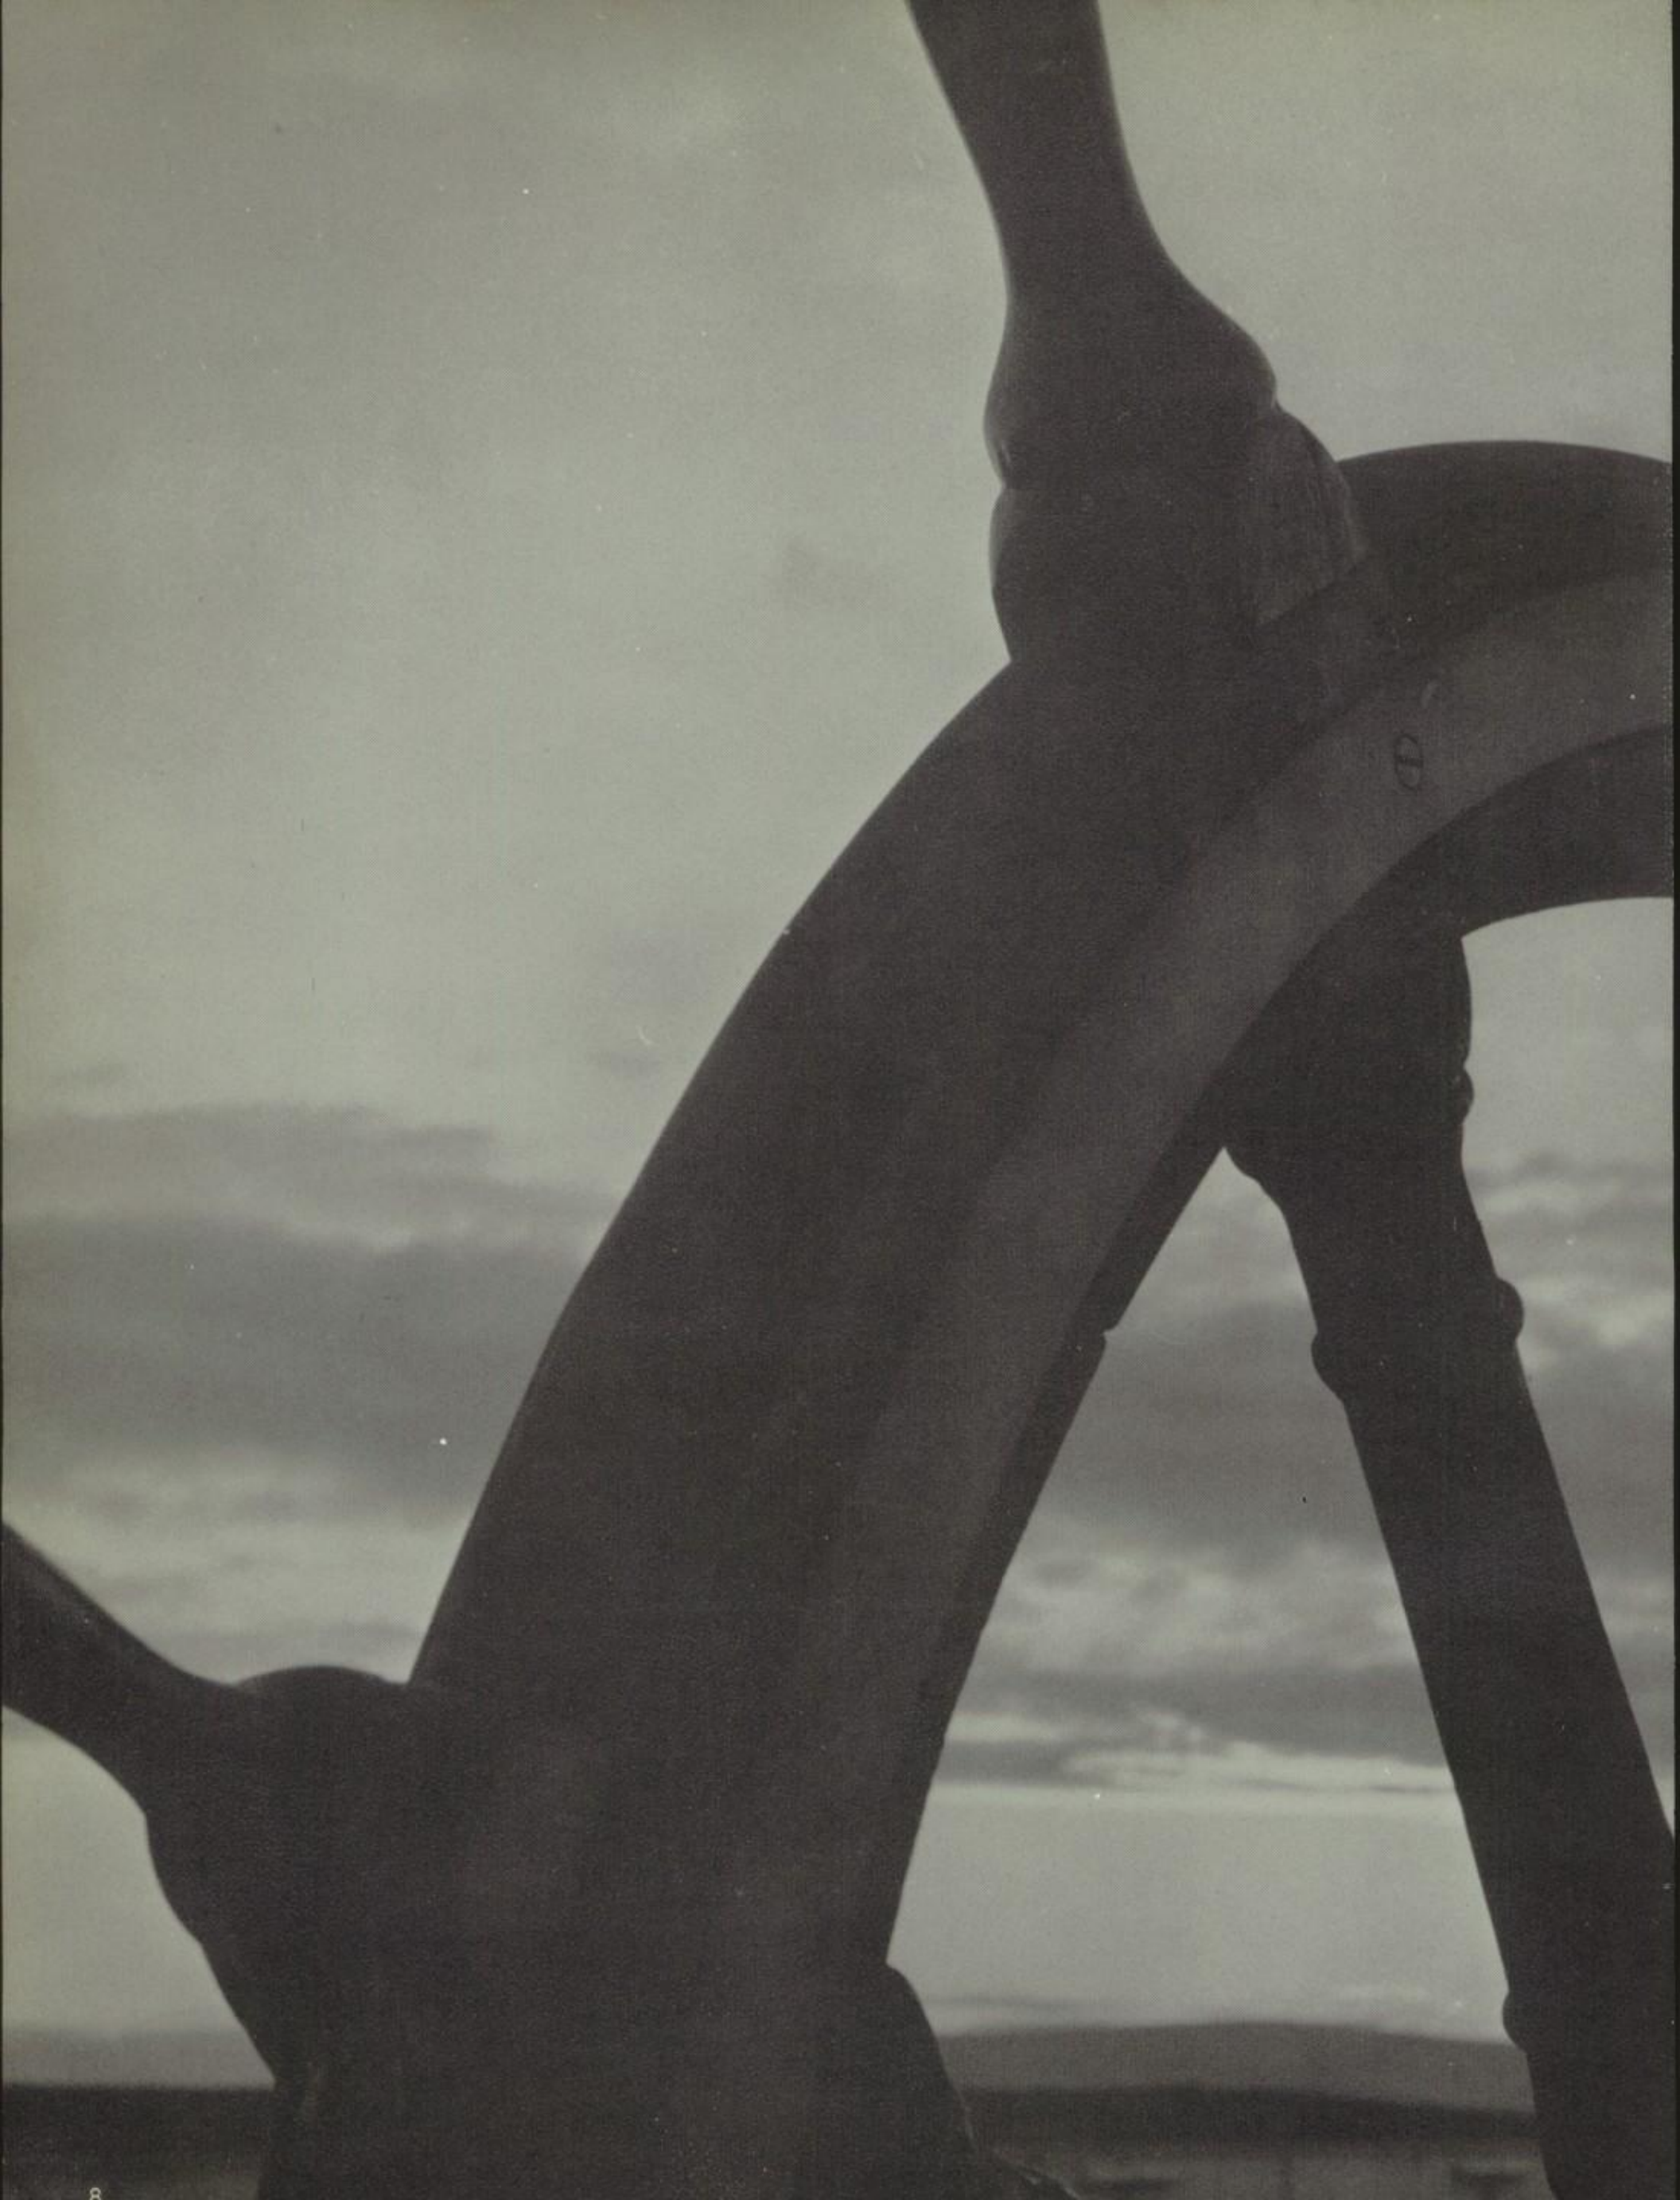
Dedication

We, the student body of Mission Bay High School, dedicate the 1963 TAROGA to Mr. Norman W. Houser. As our principal from 1959-1962 he has secured for himself a permanent place in the hearts of the students attending Mission Bay High School during those years.

Through his untiring and unselfish efforts he was influential in creating an atmosphere of unity and good-will within our school. Even though his executive duties kept him constantly busy, he still managed to find time to be a friend and counselor to the students. Even now, in 1963, he may frequently be seen on our campus speaking an encouraging word to his many friends.

We are using this dedication as our means of saying, "Thank you, Mr. Houser, for your continued efforts to make Mission Bay High School a school of which we may be proud."





Administration

They live in obscurity and contend with hardship. They keep the watch along the borders of darkness and make the attack on the trenches of ignorance and folly. They awaken sleeping spirits and quicken the indolent, encourage the eager, and steady the unstable.

Office of the Principal

June, 1963

To the members of the Senior Class of 1963:

You can be proud of your achievements at Mission Bay High School. It has given me a great deal of satisfaction to observe your progress during this year.

The final measure of the success of both the faculty and the students is yet to come. How well you apply the knowledge, skills and attitudes you learned at Mission Bay will be of great importance to you. Individually, you will now have more opportunity for personal achievement in your studies, in your work, and in your hobbies. At the same time, you will have opportunities for unselfish contributions to your family, your friends, your community, and your government.

My best wishes to each of you in the exciting and challenging years ahead.

Sincerely,

Joseph H. Byrnes

MR. WILLIAM RAAKA
Vice Principal

My congratulations and best wishes to the members of the class of 1963. Your contribution to your school's success in the areas of academic achievement, scholarships, student government, athletics, and citizenship will long be remembered.

I hope your experiences at Mission Bay High School will serve you well in the future.

W Raaka

It is a privilege to write a message to you seniors who form the class of 1963. You have been fortunate in having a strong ASB Council, Senior Cabinet, and Annual Staff who have worked with a sincere desire to make your final year here a memorable one. I would like to thank you for your cooperation and thoughtfulness during my first year at Mission Bay High School and to extend to you my best wishes for your continued growth and happiness.

The counselors at Mission Bay have aided the students in choosing goals their sophomore year, and working towards them their junior and senior years. The students are grateful to the counselors for their efforts in preparing them for what may lie beyond the horizons of Mission Bay High.

Faculty

It is a fine thing to have ability, but the ability to discover ability in others is the true test.
Elbert Hubbard

The success of Mission Bay High has been largely due to its fine teaching and administrative staff. These men and women have given unselfishly of their time and effort to aid the students in the pursuit of knowledge.

The students can be proud of the distinction their school has earned for itself through academic achievement. Individual students have won recognition in many fields of study.

Though the students may gain valuable information from books, they cannot learn from books alone. It is the faculty who inspire them to continue their search for knowledge and to reach their highest aspirations. The faculty has taught them how to learn.

Each student extends his sincerest appreciation for the able assistance and splendid service of our faculty.

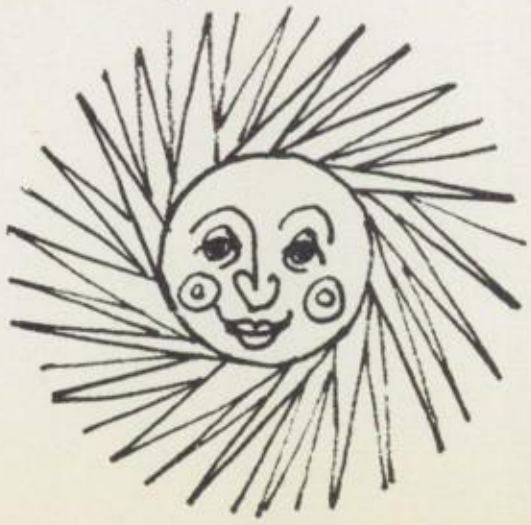
A mind to counsel, a heart to sympathize, and a hand to help are just a few of the qualities of our class counselor-advisors. We shall leave, but they shall stay to help others pass through these halls of learning.

They have been a source of information, inspiration, and encouragement throughout our high school years. They have worked tirelessly at all times for our benefit. They have contributed to us an interest in the values of education which will remain with us. As the daily routine of campus life moved forward they have endeavored for each student to plan and set his goals.

Time is given to each person with the freedom of choice—either to progress or to regress, and our counselors have done their best to see that the Class of 1963 made progress toward their goals.



Underclassmen

Aim at the sun, and you may not reach it;
but your arrows will fly far higher than
if aimed at an object on a level with your self.

A.S.B. Commission

ALAN BALCH
Fall and Spring Commission President

The Associated Student Body Government of Mission Bay is an example of democracy in action. The function of our officers is to recommend laws which, when applied, benefit the entire student body. The ASB Commissioners gain experience as to how student government is organized and how to govern with responsibility.

Elections are held every semester to select new officers. Candidates make posters and present speeches during an assembly. On election day the auditorium serves as a ballot room, and, after presenting a student body identification card, students are allowed to utilize an adult privilege—the right to vote.

The Mission Bay sign board represents the Fall Commission's achievement. The Commission is also responsible for financially sponsoring the Pre-Carnival Dance, the purchase of five band uniforms, designation of options for football concessions, the organization of the Representative Assembly, and the ASB Christmas Ball.

Working toward the improvement of the student body, the Spring Commissioners, following the admirable example of strong government left by the Fall Commissioners, demonstrated their interest to strive toward continuing growth of student government and strengthening of student character.

The accomplishments of the Spring Commission consist of SDASC Representation, revising of the ASB Constitution, sponsoring the opera "Pagliacci," abolishing Student Court, "Clean Campus" projects, American Field Service Drive, and reorganization of Pi Sigma.

The Associated Student Body Representatives began functioning this year by giving the students of Mission Bay their traditional voice in the government. One representative was chosen from each third period class. Their goal was to arouse school enthusiasm by acknowledging students on ideas for school improvement. This has been achieved and many suggestions were reviewed.

PHYLLIS JENSEN
Senior Judge

Mission Bay High School is unique in establishing the only student court in the city of San Diego. The purpose of this court is to promote student control of campus activities and to fairly punish the offenders of school regulations. The judges are elected by the entire student body. These are representatives of the junior and senior classes.

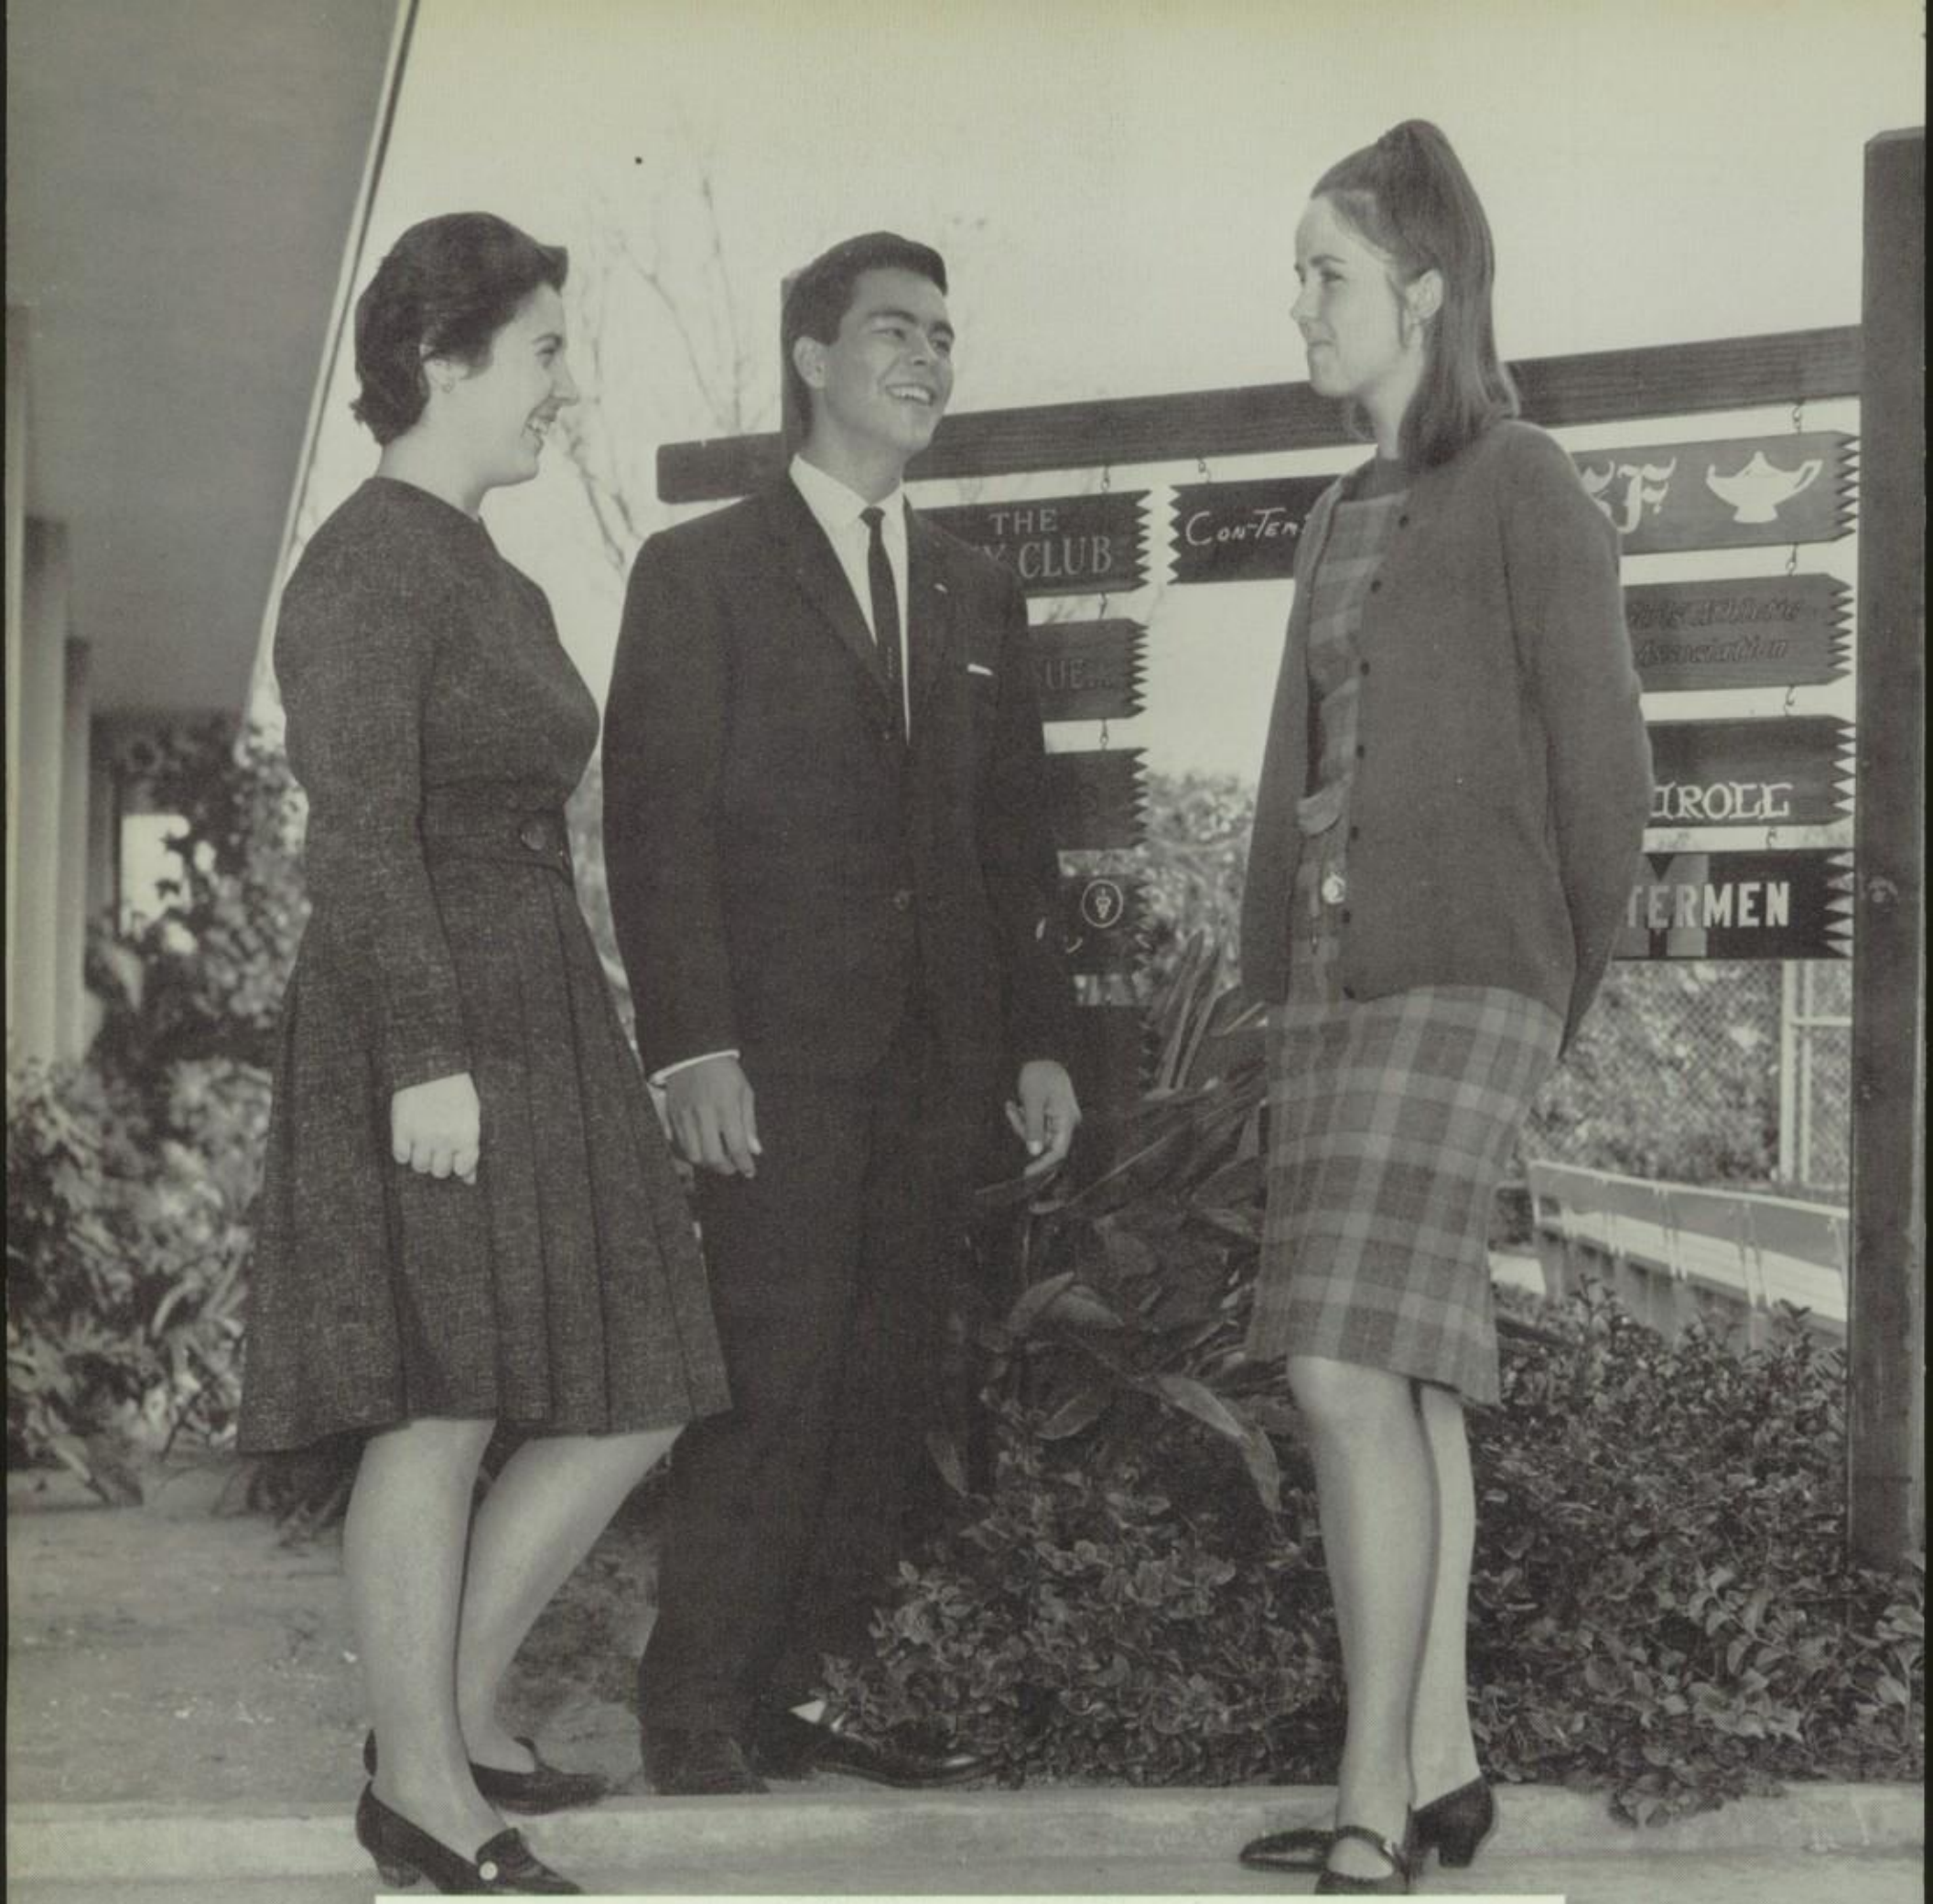
The purpose of this organization is to promote high standards of citizenship among the students of Mission Bay. The members of Pi Sigma can be seen during both lunch periods guarding the halls, enforcing school regulations, and citing the violators. Mr. Estell Sullivan is the club advisor.



Designed to promote better understanding between nations, the American Field Service sponsors a student exchange program. This organization makes it possible for foreign students to travel to the United States and for American students to travel abroad.

This year Laura Papini from Bologna, Italy, and Walter Munoz, from Iquique, Chile, came to Mission Bay, bringing their customs and ideas. Each will return to his homeland with a better understanding of our customs, our dreams, and our government.

Mission Bay's exchange student, Joan Steinkamp, represented us abroad for six months. Joan went to Milan, Italy for a delightful, beneficial, and educational semester.

There are hundreds of languages in the world, but a smile speaks all of them.

C.S.F.

The purpose of the California Scholarship Federation is to foster a higher standard of scholarship and broader ideals of service on the part of students of Mission Bay. This organization brings together students who are academically outstanding in each class and stimulates interest in the more academic aspects of our school. Life-members are distinguished by a gold tassel worn at graduation.

Taroga Staff

MRS. CUMMINGS
Advisor

The **Taroga** Staff has worked many hours to produce an annual that every student will cherish. The staff has tried to give the students an annual that will hold high school memories forever bright. Meeting in Room 251 at 7:00 a.m. every school day has been the staff's only requirement, and their only test, necessary to pass, is the final exam, the **1963 Taroga.**

Annuals are a great invention
For the school gets all the fame,
The publisher gets all the money,
And the staff gets all the blame.

These active girls receive many benefits from participating in various intramural and interscholastic sports. Included in their well-rounded athletic program are tennis, hockey, volleyball, basketball, badminton, and bowling.

The Girls' Athletic Association enables girls to develop their skills in these activities; while helping them to acquire good traits of sportsmanship, teamwork, and co-operation. GAA offers all girls a wonderful opportunity to make friends and to have fun.

During the fall semester the Girls' Athletic Association, under the direction of Miss Shirley Meyer, the GAA sponsor, was the hostess for the All-City Play Day, which was a huge success. Carrying through the theme, "Cowboys and Indians," was achieved by wearing name tags in the shape of cowboys and Indians, by using western titles for team names, and by having the girls wear guns and holsters, cowboy hats and Indian headbands.

During the spring semester the Girls' Athletic Association sponsored the annual GAA Ball. The dance was held March 8 in the Boys' Gym with the theme of "Over the Rainbow."

ing contribution to our school spirit.

What's the word? SPIRIT! The principle life of every game; the word that brought so much enthusiasm to each Buccaneer. Regardless of the score, we always won with our spirit. May enthusiastic school spirit ever remain alive on the Mission Bay campus.

Les Boucaniers

The girls of the drill team can be seen inspiring school spirit by providing entertainment at all home football games. Under the guidance of Miss Joan Malley, these girls have performed during the half-times and have participated in the All-City Football Carnival. At all times their performances and school spirit were of outstanding quality. Les Boucaniers is an established asset to Mission Bay High School.

Chorus

The purpose of the Girls' Chorus is to promote a desire to sing, to increase the knowledge of music in the individual student, to encourage students to develop leadership qualities and to sing in harmony. They are constantly working to improve fundamentals of vocal production. Mr. Gary Stollsteimer's able direction and leadership produced a fine group this year.

Students of

These students, representing each month of the school year, are seniors who have contributed their time in a sincere effort to develop Mission Bay High School's educational environment and social school unity. These boys and girls are students maintaining a well-rounded curriculum socially, academically, and athletically during their entire senior year, and excelling during one particular month. These seniors have qualified not only for their leadership qualities, but for their willingness to participate on committees, accept individual projects, and assist the administration in the areas such as student

R.O.T.C.

The primary objective of the Recruit Officers Training Corps is to provide high school students with a basic military knowledge and to develop leadership qualities, patriotism, teamwork, and self-discipline.

The R.O.T.C. is an elective on the basis of interest in military services for a career or commission. The cadets are instructed in military maneuvers, engage in competition with other schools, and participate in conferences and camp programs.

Dedicated to the service of the school, the R.O.T.C. maintains order at the football and basketball games. Under the guidance of M/Sgt. Goldstein, they are a very valuable asset to Mission Bay High School.

Girls' Rifle Team meets every Wednesday after school in the R.O.T.C. firing area. This club is for all girls who are interested in firing rifles and competing in competitive firing against other rifle teams from various schools. Under the guidance of their sponsor, Sgt. Goldstein, and their elected Captain, Betty Munevar, these girls have developed skill and a liking for rifle firing.

Tribute to Coaches

Paul Beck, Head of the Athletic Department.

The Mission Bay Varsity and Junior Varsity Coaches have done a remarkable job again this year. They have spent many hours working with our athletic teams to produce winners and champions for their school. The student body at Mission Bay pays tribute to these coaches and says "thank you" for a job well done.

Football

This year the Varsity Football Team of 1962-63 tried hard to win for their school. The students at Mission Bay recognize the good sportsmanship and spirit that was carried through each game.

It is much easier to keep in good condition and good spirits when you are winning rather than losing. When you lose you're protecting your pride, not your winning streak, you're driven on only by dedication, not press clippings. Losing forces you to search for something more important than winning. Football becomes a game, not a business. It takes more courage to lose than to win.

Coach Paul Beck and Manager Steve Brown.

Paul Beck, Mission Bay basketball coach, waited until after the victory over Clairemont High School to tell the world his Mission Bay Buccaneers cagers "are the best he had ever coached." Also Dick Eiler, a Sentinel newspaper writer, waited to say, "It's got to be the best basketball team the Western League has ever had."

From the very first non-league victory over Monte Vista, the Buccaneers have shown continued improvement and increased determination by achieving the Western League Championship. This could be done only because the team consisted of high calibre individuals who thought of functioning only on a team effort basis.

The team captured the Western League championship with a league record of 8-2 and an overall record of 25-6 including C.I.F. games. The MB hoopsters placed second, both in the Kiwanis and Mustang Tournaments, and also went so far as to capture third place in the CIF play-offs.

And so, the sun sets for another year at Mission Bay High School. The Annual Staff hopes that the 1963 TAROGA will bring back pleasant memories for you in the years to come. We review the past year with happy memories of our achievements and activities. We look forward with confidence to what lies beyond the horizons of Mission Bay High School.

This truth I find implicit in the sunset; while we, from one point of view, are departing from the light of our life, we are at the same time approaching it from another angle, the resurgent angle of day break.
